Zoom - quelques précisions

- Vu les restrictions dues au Covid-19 limitant les rencontres publiques, le Club Informatique explore une façon de maintenir ses réunions hebdomadaires et garder le contact avec ses membres.
- En utilisant une approche de téléconférence virtuelle, nous croyons en ce temps d'isolation que réunir les membres du club apportera des bénéfices positifs pour nous tous.
- À la suite d'essais avec plusieurs logiciels et services de conférence virtuelle, le club a retenu les services infonuagique de conférence à distance qui combinent la vidéoconférence, les réunions en ligne, le chat et la collaboration mobile de Zoom Video Communications
